

The **BIG** picture?

You are learning about what Queries are and how to create them

My *Jobbere* *Blog* **Lesson Plan**

What you are Learning today?

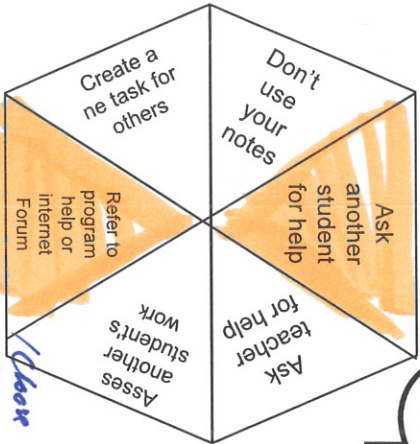

- 1) Define what a Query is
- 2) Create various queries with database software
- 3) Be able to apply skills to meet GCSE criteria, C, B, A

What do you know already?

Blog is a Question like when you get the money money from a shop

How are you going to remember what you have learnt?

Complete my work Record will tell me write it down Create a diagram or steps to follow

Differentiation *Asks*

KEYWORDS	DEFINITION
<i>QUERY</i>	<i>Search for find Data</i>
<i>TABLE</i>	<i>One Persons Data</i>
<i>AND</i>	<i>Send for T10 INFO</i>
<i>OR</i>	<i>Send for one or another</i>

Where am I? (Self Evaluation AFL)

Learning	Understanding	Level	The Lesson	The Course
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>
<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>

Activity 1

Log on and complete "what I know quiz" www.freww.com

What I have Learnt so far

I don't know a lot need to understand the quiz

Activity 2

Teacher demonstration of software, apply your skills an understanding to complete practice task

What I have Learnt

I can complete the grade 'C' online but stuck with grade 'B'. speak to my teacher.

Student planned Activity CW Task

Can complete my project at home task

What I have Learnt

Blog is hard but you can apply logic

How do I relate this to my HWK/CW/Next lessons

No Homework

What I do I still have to learn

How to include a Parameter in my Blog.
